How Are My Rates Calculated?

Rates are a levy attributed to property owners based upon Gross Rental Valuations (GRV) or Unimproved Valuation (UV) of the property. These valuations are set by Landgate as per legislation. Properties rated under the GRV are revalued every three to five years. UV properties are revalued on an annual basis. The Shire adopts Differential Rates to ensure rate revenue is equitable across all rateable properties.

LAND USE CATEGORY	PROPOSED RATE IN \$	PROPOSED MINIMUM
GRV Residential	12.1408 cents	\$1,265
GRV Special Use/Rural	12.1408 cents	\$1,265
GRV Commercial/Industry	11.2456 cents	\$1,265
UV Mining	26.7618 cents	\$464
UVC Pastoral	12.1861 cents	\$1,265
UV Intensive Hort	2.7939 cents	\$1,265

Specified Area Rates (SAR)

Coral Bay Refuse Site Maintenance

SAR of 0.07243 cents in the dollar is applied to all rateable properties within Coral Bay for the maintenance of the Coral Bay Refuse Site.

Minimum Rates

Some properties attract low valuations resulting in the property owner contributing fewer rates than would be considered equitable. To allow for a fair distribution of gross rates a minimum rate is applied.

(Penalty interest is not applicable to current concession holders).

Provisions for Valuation Objection

A property owner may lodge an objection against the valuation of a property. There is detailed information on the reverse side of your rates notices or you can contact Landgate directly on (08) 9273 7373 or visit their website landgate.wa.gov.au/valuations

Important: Rates must be paid, as assessed, irrespective of whether an objection has been lodged. Any reduction in valuation, that results from a successful objection, will be credited.

Need a Special Arrangement

Weekly or fortnightly BPAY payments can be made to pay off your rates in smaller amounts, if a more regular payment arrangement would better suit your financial needs. Please contact the Rates Team at rates@carnarvon.wa.gov.au.
