## SHIRE PRESIDENT'S MANTRA

**Stabilise our financial position  
Improve our town and surrounds amenity  
Fix what we got!**

## PROUD TO BE AUSTRALIAN

For those who could not attend the Australia Day celebrations, thought I would share my address to the community

*"I acknowledge the traditional owners, the Yingarrda and Baiyungu people, of this land that we gather and pay my respects to their elders past and present and acknowledge all our predecessors who have shaped our great nation into what it is today.*

*Once again today there is the inevitable reflection on the many thousands of years, they were custodians of this land before European settlement. In honoring their custodianship, we must one and all commit to genuine recognition and reconciliation with respect, we cannot change the past, but we can change the future, we of all races and beliefs need to come together and unite as one to reflect, respect, be proud and celebrate our being Australians.*

*Today we celebrate Australian achievements in science, medicine, technology, engineering, education, the arts and sport. Innovation, creativity, imagination, resilience and perseverance are strongly entrenched in our makeup. Our history is full of inventors, adventurers and trailblazers. It is also the everyday heroes who we celebrate today – everyday Australians, our friends and neighbours, the volunteers and charity workers who are so generous with their time, their efforts and their money to help others and who do it humbly seeking no reward.*

*We need to end the distracting division of when or if Australia Day should be celebrated, it should be and is a celebration of the coming together of all people to celebrate this great country and all the people that live, work, raise a family, recreate and love in. I strongly believe that unity of a community is its strength, The things that unite us as Australians are more enduring than the things that divide us, unity is what got us here, that unity is what developed the ANZAC spirit and mate ship that is so Australian.*

*I'm proud to be an Australian and I'm proud to be part of our community. I truly hope that someday soon everyone in this great land can feel the same, unite and all proudly celebrate Australia Day together.*

## ANNUAL GENERAL MEETING OF ELECTORS SET

Section 5.53 of the Local Government Act 1995 requires the preparation of an Annual Report and details the contents required within that report which includes the audited Annual Financial Report and the Annual Financial Report.

The audited Annual Financial Report and the Auditor's Report for 2022/2023, by contract auditor William Buck, was received from the Office of the Auditor General (OAG) on 18 December 2023.

The Local Government Act 1995 requires that an Electors' General Meeting to be held within 56 days of acceptance of the Annual Report pending adoption of the Annual Report.

The Shire of Carnarvon Annual Report for 2022/2023 has been prepared in accordance with section 5.53 of the Act. This year's Annual Report also highlights the achievements of the Shire during the last financial year and the continued delivery of quality local government services to the community and the completion of significant capital works projects. Council accepted the Annual Report which includes the Shire of Carnarvon audited Financial Report.

The Electors' General Meeting has been scheduled for 12 noon on Friday 16 February 2024 at the Shire of Carnarvon Council Chambers.

A notice advising of the Annual General Meeting of Electors has been advertised in the Midwest Times, Facebook and the Shire of Carnarvon website. Copies of the report are available at the Shire Administration building, your local Library and Council's website.

## AMENDMENT TO LOCAL PLANNING SCHEME 13 INITIATED TO FACILITATE IMPLEMENTATION OF THE HYENERGY RENEWABLE GREEN HYDROGEN PROJECT

The proposed Hyenergy are currently reserved under the Scheme as 'Environmental Conservation' which prohibit most development on the site. It is acknowledged that the proposed Green Hydrogen development does not directly align with the overarching objectives of the 'Environmental Conservation' reserve, however it is important to note that the 'Environmental Conservation' reserve was applied broadly along the coastline as a key planning action of the Strategy.

The intent of this action was to provide increased control over the protection and management of the coast to ensure future development does not compromise the amenity of the natural environment. This action was implemented when the Shire prepared LPS 13 in 2020, with all land along the coast (regardless of tenure) reclassified to 'Environmental Conservation'.

As a result, a Scheme Amendment is required to allow for the future planning and development of the project

In detail, the proposed changes to LPS 13 include:

- rezoning the western section of Lot 350 in the Town Common area from 'Environmental Conservation' reserve to 'Strategic Infrastructure' reserve and 'General Industry' zone;
- introducing a Special Control Area (SCA) in Schedule 7 to incorporate additional provisions for the proposed 'General Industry' zone;
- adding Additional Use Areas under Schedule 1 to allow for extra land uses within the existing 'Environmental Conservation' reserve;
- including Additional Use Areas under Schedule 2 to permit additional land uses within the planned 'General Industry' zone; and
- updating the scheme maps to reflect the changes in rezoning, SCA, and additional use areas.

The scheme amendment proposal, once initiated, will be forwarded to the Environmental Protection Authority (EPA) in accordance with s. 81 of the Planning and Development Act 2005. The application is then required to be advertised for a period of 60 days.

Initiating the Scheme Amendment will provide a level of certainty to the proponents that the project can eventuate in the future. Many of the details (such as environmental impact, costings, detailed designs etc.) will be completed at a later stage once a level of certainty is provided.

## REPAIR OF TOWN LEVEES AND RECONSTRUCTION OF FLOOD GATES TENDER NOT ACCEPTED AND QUOTES TO BE SOUGHT

Due to the flood event in February 2021, the Improving Flood Preparedness project was established in 2022 to increase the community's ability to withstand and mitigate the effects of flooding and tropical cyclones. It is partly funded by the Department of Industry, Science, Energy and Resources (DISER) with co-contributions from participating project partners represented by the Shire, Department of Primary Industries and Regional Development (DPIRD) and the Department of Water and Environmental Regulation (DWER). RFT 10/2023 consists of two elements identified within the Improving Flood Preparedness funded project.

RFT 10/2023 consists of two elements identified within the Improving Flood Preparedness funded project. The tender was issued as two separable portions. Separable Portion A was the remediation of the existing town levee system. Separable Portion B was the upgrade/reinstatement of Airport and Morgantown levee flood gates. Tenderers were given the option to submit for one or both separable portions.

Whilst this work is essential to achieving long-term strategic outcomes focused on flood mitigation and protection, Council is mindful of budget limitations and seeking best value for money representation in meeting all project milestones therefore, Council did not accept any tender. The Shire can seek quotations for the tendered works if no tender is accepted and the intent is to seek quotations from known providers of these services including local providers.

Council authorised the CEO to seek alternate quotations for the project scope detailed under RFT 10/2023 Repair of Town Levees and Reconstruction of Flood Gates.

## CARNARVON RESIDENTIAL HOUSING BUILDS

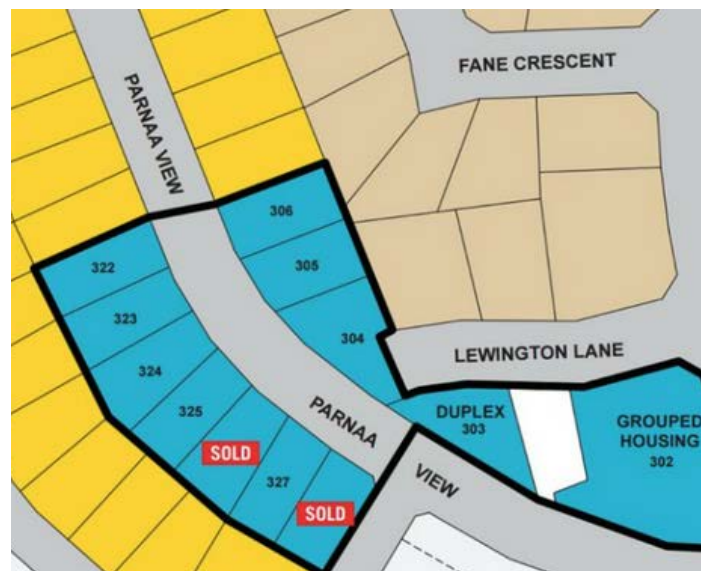

In 2023, the Shire received Regional Economic Development (RED) funding for construction of two, four-bedroom, two-bathroom homes on Shire owned vacant properties owned on Lots 326 and 328 Parnaa View, Brockman.

The funding is on the basis the homes would be utilised for essential (non-Shire) worker accommodation. After a period the housing can revert to Shire staff housing, replacing aging existing Shire housing stock. The funding includes a partnership with Horizon Power who are also seeking to build two worker accommodation residences in the same street.

A Cost Sharing Agreement for architectural and construction supervision services was entered into between the Shire and Horizon Power in May 2023. The project architect/construction supervision services contractor was finalised in late August 2023. Design works were completed and a joint tender for construction of the four houses was advertised on 16 November 2023. Tenders closed on 14 December 2023.

The Horizon Power partnered tender process intent was to maximise buying power, economies of scale and use of local services for the residential housing builds. For administrative and contractual separation, the tender was structured with two separable portions. i.e. if accepted, a contract between Horizon Power and the builder and a contract between the Shire and the builder would be the outcome. Upon receipt of information regarding the submitted tender pricing it was apparent Shire budget would be insufficient.

Council resolved to re-tender the construction project via a public tender to enable local businesses to tender for the project without having to be a WALGA preferred supplier.

### GOLDEN CROWNBEARD - WEED

Please be advised it has been discovered that several instances of the Golden Crownbeard Weed has been identified in and around Carnarvon.

This is an aggressive weed that displaces native vegetation and is toxic to stock and other animals.

We are currently in peak flowering and seeding season. So it is important to stop any further spread of this weed.

The Shire is currently actively removing the Golden Crownbeard from known public property.

As a community, we need your help, to work together to keep our biodiversity and nature-scapes, pest free.

#### We need your help!

If this weed is found on your property please see the below best practices to help stop the spread throughout our community.

#### Best Practice:

Pull weed from ground ensuring its roots are intact and removed from the soil.

Collect weed, roots and seeds in a garbage bag and ensure that its fully sealed. It can either be disposed in general waste or, we also encourage drying and burning the weed in a small personal fire.

## AUSTRALIA DAY 2024 – CELEBRATIONS

FRIDAY 26TH JANUARY 2024

### CONGRATULATIONS TO OUR NEWEST AUSTRALIANS

Welcome to our new Australians who all took the Oath of Allegiance at a Citizenship Ceremony held in conjunction with the Australia Day celebrations at the Yacht Club on Friday. This year we had 5 conferees sworn in by Shire President Eddie Smith, comprising conferees from Tunisia, Taiwan, Scotland, Vietnam and Canada.

Acquiring Australian Citizenship is a public declaration of commitment to Australia and enables those doing so to participate fully in our inclusive society, realise aspirations and achieve their full potential, regardless of their race, background, gender, religion, language or place of birth. Citizenship is a public commitment to embracing Australian values and institutions. Citizenship brings responsibilities and duties - to obey the laws, to register on the Electoral Roll and vote, to serve on a jury if called to do so, and to defend Australia should the need arise. Citizenship also brings civil and social rights, the right to express peoples cultural heritage and beliefs coupled with a responsibility to accept the rights of others to express their heritage and beliefs.

# RANGER NEWS

EDITION 77 - FEBRUARY 2024

## Provide Hydration

Make sure your pets have plenty of fresh water placed in the shade. Ice blocks are a great way to keep the temperature of the water down, too. Having water bowls outside and inside is great if your pets are indoors.

## Icy Treats

Freezing blocks of ice for them is excellent as licking the cold water will help decrease your pet's body temperature. You can even freeze containers of chicken stock for outdoor animals.

## Create Cool Shady Areas

Provide shady areas for your pet to escape the heat of the day in, and don't forget about the good old paddling pools; just make sure you supervise your pets and make sure not to fill them too high, depending on your pet. Cats prefer to be wiped down with a cold, wet cloth.

## Walking your Pets

Avoid exercise in the hottest part of the day and take dogs for a walk in the early morning or late evening, when the temperature is much lower. This will also help prevent your pet from burning its paws on hot footpaths or roads.

## Sunscreen

Animals get sunburnt, too, so pet-friendly sunscreen is excellent for pets who spend lots of time outdoors.

## Pets and Cars

Never leave your pets in the car, even for a few minutes. Even with the window down, the heat can rise from 30 to 60 degrees in just 10 minutes.

## Dog's Coat

Feel free to trim your dog's coat, but do not shave them completely. Dogs' coats help protect them from the sun and regulate their body temperature.

## NEED A RANGER

If you have an urgent matter that needs a Ranger's attention such as snake handling or a dog attack, the Rangers can be contacted on 99410019 or after hours on 99410000 where your phone call will be directed to a call centre for assistance.

Please note that this is for urgent matters only and if the matter can wait until Monday, please call during normal office hours 8.00am to 5.00pm Monday to Friday.

## Turtle Watching Code of Conduct

**NO GLOW:** Nesting turtles and hatchlings are easily disturbed by lights, use the moon to light your way.

**MOVE SLOW:** To avoid disturbing turtles, walk along the water's edge.

**STAY LOW:** Out of sight of nesting turtles – sit, crouch or lie in the sand.

**LET THEM FLOW:** Let hatchlings make their own way to the ocean, they take an imprint of that beach so they can return to the same area when they are ready to mate and lay eggs. Try not to get between hatchlings and the water's edge.

- No flash photography at any time
- No dogs on turtle nesting beaches
- Don't drive on turtle nesting beaches

### STEP RIGHT UP STEP RIGHT UP!

Would you like something to do this year that's a bit different from your normal volunteering?

Would you like to be close to the clay slinging action?

Are you really good at serving beers, BBQing Snaggers or waffling on a microphone?

Well then we need you!

We have a variety of roles and we would love to fill them this year with people that can help us out for the whole season if possible but we do understand that there are other priorities in life so we can work around that.

However with 9 nights of racing this season which are all on our calendar already, you can be sure it's easy to plan for a night at the track. Full training for all roles is provided and we are more than happy to buddy you up with someone the first couple of times.

If you would like to know more about the roles please contact us or email [secretary@carnarvonspeedway.com.au](mailto:secretary@carnarvonspeedway.com.au) We look forward to hearing from you.

Catch Ya On Clay!

### ARE YOU INTERESTED IN LEARNING HOW TO BE A BUSHWALKING GUIDE?

Thanks to a WA Hiking Participation grant from DLGSC Gascoyne the Bibbulmun Track Foundation is pleased to be offering free training to new and aspiring bushwalking guides.

The workshop is aimed at people who have no prior training or experience in leading bushwalks. Participants might be involved with youth groups or clubs in a volunteer capacity or may even aspire to working in outdoor recreation.

The 1½ day workshop will be held in Carnarvon and provides a mix of theory and practical sessions and participants will receive adequate training and information to safely lead walks on marked trails.

### Intro to Guiding

A mix of theory and practical sessions cover:

- Preparation and planning for walks
- Risk management, emergency planning and response protocols
- Equipment for day and overnight walks
- Appropriate food for multi-day treks
- Group ratios, health and safety
- Judging the fitness and ability of groups
- Group leadership skills, conflict resolution and communication
